PURPOSE

Dear _____

The information that we have on file and reflected above indicates that:

- Your child was previously determined to be eligible for special education at an Individualized Education Program (IEP) Team or Nonpublic Service Plan meeting; and
- Special education programs/services were not provided following the previous evaluation; and
- Your child is now enrolled in a nonpublic school.

Pursuant to the state and federal laws for special education, the purpose of this follow-up letter is to make a timely offer to reconsider your child's eligibility for special education support. We would also like to seek your preference regarding a formal meeting to redetermine your child's eligibility for special education.

Enclosed, please find a copy of Kent Intermediate School District's (ISD) *Special Education Parent Handbook with Procedural Safeguards*. Included in this handbook is an explanation of the special education programs and related services available in schools throughout Kent ISD.
