### **RECOMMENDATION:**

It is recommended that the Kent ISD board approve renovations to Launch U and MySchool@Kent in the amount of \$2,542,455. In addition, it is recommended that the board approve Owen Ames Kimball as the construction manager for this project. A full list of subcontractors as well as a project budget summary is attached.

### **BACKGROUND:**

This renovation project will convert the former Kent Innovation High space into more usable space for both the Launch U and MySchool@Kent programs. Planning for this work has been ongoing for the last year and has involved program staff and administrators. CTE capital project funds will be used to fund this work.
